Balancing Your Escrow Account

There needs to be enough money in your escrow account to pay your property taxes and/or insurance. To do that, the law allows us to require that you keep a minimum balance in the account. This cash reserve helps to cover any increase in taxes and/or insurance. However, the minimum balance requirement has been waived for your account.

The payments made to and from your escrow account last year help predict your account activity for next year. This year's activity also helps predict what your lowest account balance is likely to be.¹

To balance your escrow account, we compare what your lowest account balance will likely be next year with your minimum required balance. The difference between those two numbers tells us if you need to pay a shortage or if there is a surplus in your account.

\$0.00	Your minimum required balance
\$3,105.53	Your estimated lowest account balance for <div></div>
\$3,105.53	Your escrow account surplus

¹See the "Estimated Escrow Account Activity" chart in this statement.
